

Checklist

Light Equipment

Page 1 of 2

1. Are performances by artists/show interludes planned?
2. Have the performers specified their requirements?
3. Is the venue to be „decorated“ by light?
4. Should the company logo or letters be projected with special graphic spotlights?
5. Are the required gobos available or will they still have to be produced?
6. Has the supply with 400V three-phase current connections been clarified?
7. Will there be a stage?
8. Will only one speaker at the speaker's desk be illuminated?
9. Will there also be a panel that needs to be illuminated?

10. Is it possible to suspend the trusses (lattice girders) that might be required to hold the spotlights?

Important Tips for Trade Fairs and Exhibitions:

1. Should the entire exhibition booth be illuminated?
2. Should individual products be highlighted by defined use of spotlights?
3. Will there be a stage, an action area that is to be illuminated?
4. Has the time necessary for preparations and wrap-up been considered in the installation/dismantling planning?
5. Where applicable, have the necessary suspension points been applied for?
6. Is the maximum load of the suspension points known?
